No. 245

Introduced by Assembly Member Grove
(Coauthors: Assembly Members Donnelly, Harkey, Nestande, and
Wagner)
(Coauthor: Senator Fuller)

February 6, 2013

An act to amend Section 12894 of the Government Code, relating to greenhouse gases.

LEGISLATIVE COUNSEL'S DIGEST

AB 245, as amended, Grove. California Global Warming Solutions Act of 2006: public meetings.

The California Global Warming Solutions Act of 2006 designates the State Air Resources Board as the state agency charged with monitoring and regulating sources of emissions of greenhouse gases. The state board is required to adopt a statewide greenhouse gas emissions limit equivalent to the statewide greenhouse gas emissions level in 1990 to be achieved by 2020, and to adopt rules and regulations in an open public process to achieve the maximum, technologically feasible, and cost-effective greenhouse gas emissions reductions. Existing law imposes conditions on the nongovernmental entity Western Climate Initiative, Incorporated, created to assist the state board in the implementation of the act.

Existing law, the Bagley-Keene Open Meeting Act, generally requires that all meetings of a state body be open and public. Existing law exempts the nongovernmental entity Western Climate Initiative,

Incorporated, and its appointees from the Bagley-Keene Open Meeting Act when performing their duties.

This bill would repeal that exemption and instead subject the Western Climate Initiative, Incorporated, and its appointees to the Bagley-Keene Open Meeting Act when performing their duties.

Vote: majority. Appropriation: no. Fiscal committee: yes.

State-mandated local program: no.

The people of the State of California do enact as follows:

34 link has adopted program requirements for greenhouse gas

36 that are equivalent to or stricter than those required by Division
37 25.5 (commencing with Section 38500) of the Health and Safety
38 Code.

39 (2) Under the proposed linkage, the State of California is able
40 to enforce Division 25.5 (commencing with Section 38500) of the

1 Health and Safety Code and related statutes, against any entity
2 subject to regulation under those statutes, and against any entity
3 located within the linking jurisdiction to the maximum extent
4 permitted under the United States and California Constitutions.

5 (3) The proposed linkage provides for enforcement of applicable
6 laws by the state agency or by the linking jurisdiction of program
7 requirements that are equivalent to or stricter than those required
8 by Division 25.5 (commencing with Section 38500) of the Health
